In 2010 The Palms golf course underwent a \$8.8 million reconstruction and was redesigned by renowned golf course architect Ross Watson. After its reopening in April 2011, The Palms is considered a championship course rivalling some of the best golf courses in Australia, now ranked in Australian Golf Digest's Top 100 golf courses. It has a total length of 5890 metres off the championship tees, and has numerous water features and hazards. Tee placements have been designed to suit a variety of playing conditions and a diverse range of players. Nestled within century old Cabbage Palms, The Palms golf course is a return to the traditions of the game, with distinctive holes, deep greenside bunkers and boldly contoured greens requiring creative shot making. The Palms is designed to challenge players of all abilities.

THE PINES GOLF COURSE

As Australia's only Arnold Palmer signature course, The Pines golf course is recognised as one of Australia's best and most challenging courses. Ranked as one of Australian Golf Digest's Top golf courses, The Pines is carved through 101 hectares of established pine forest, the course features corridor approaches to several holes, with lakes guarding others. Fourteen of the holes are contoured around six man-made lakes. An abundance of wildlife features on The Pines including rare bird life and scores of native Australian kangaroos.
